

Where the Devil Gets Most Power

Scripture reading: Genesis 3:14, 19

Have you ever thought about the destiny of the Holy Place church? Do you know the destiny of the church in the Holy Place? One part of the answer is to enter into Christ. But the other part is to be taken by the anti-Christ. The abomination of destruction is in our midst! Isn't that weird? The abomination that is going to destroy the world is in the midst of the Holy Place church. This is where the devil wants his seat! These are the people who the devil really wants to rule and reign over! Why? Because this is where he gets the most power! The energy that you have in God is great.

I come in the meeting and sit down. When we start to sing, I can very often feel the energy of God in our midst. This is what the devil wants to feed on! He feeds on energy! God will not give him any, but he gets it from man. This is a master plan! Sometimes you feel that God has really done us badly because he let the devil go on us. But, God ordained that the devil should feed on man. You are devil food! Did you know that? Oh, yes! You are devil food! Remember now, he is after you to eat you. The Bible said, he goeth about seeking whom he may devour (1 Peter 5:8). The Bible says that God said to the devil, "Dust shalt thou eat!" Yes! Dust shalt thou eat. Then in the verse below, He calls you the dust. The scriptures I am quoting from are in Genesis chapter 3, "Dust shalt thou eat," and then in verse 19 he said, "Thou art dust" to Adam! It means to say that God gave Adam the dominion and the power over everything that moves within this realm. But when Adam lost the dominion and power, who got it? The devil. All you see the devil doing, it is our power he is using. So you can imagine how powerful we will be when we take that away from him!

Now, the master plan I was talking about. God said the devil must feed on you. You are the devil's food. So then, who has the control of the devil? We do! We can starve him out! Starve him out! This is exactly what God is teaching us to do. Don't let the devil feed on you and don't let him feed on your brother! Keep praying for every sinner you see out there! Deliver them from the devil so that the devil cannot feed on them. The devil will have to get mad and leave your place! Oh yes. If you begin to stir up enough spiritual energy in the place where you live, the devil will not be able to function! Amen! Praise be to God!

Let me give you an example a little on the reverse side. Some of you may know Andre Crouch, the Christian singer. He used to have his ladies dressed in black, and they would sing so called Christian music with heavy metal beat. One time he went to Africa with his heavy beat, thinking that Africans love it. During the concert, a man rushed out of the crowd upon the platform and cried, "Stop it! Stop it! Stop it!" He was the sorcerer of that area. He said, "You are calling all my spirits away from me! I can't get anything done!" That was a blessing to Andrew Crouch. He is not going to do the heavy beat anymore, because, you see, the devils feed on that. So when you see all people dancing, carrying on with the beat, it is the devil they are feeding. All their energy is going to the devil! They are feeding devils.

God, therefore, ordained this so that we will have the handle, and we will use our handle to stop Satan from functioning in our midst altogether!

Thought for today: God is teaching us to starve the devil out by not letting him feed on you or your brother.
